API	Webhooks								

API

Crowdin API v2 is a full-featured RESTful API that helps you integrate localization into the development cycle.

To work with API v2, generate a [Personal Access Token](#) in the *Account Settings, API and SSO* tab.

If you're using API v1 of Crowdin, you'll need [Account API Key](#), username, and Project Identifier.

Detailed Information:

- [API v2](#)
- [API v1](#)

Project Id [API V2](#)

448258

Project Identifier [API V1](#)

test-cherry

If you need your Project API key, you can get it here
